### BEST PAPER AWARD FOR YOUNG RESEARCHERS

7<sup>th</sup> edition

#### CALL FOR PAPERS 2019

The **Centro Einaudi with the support of Fondazione CRT** launches the 7<sup>th</sup> annual *GIORGIO ROTA Best Paper Award*, which is established to honour the memory of Giorgio Rota, a leading Italian economist born in Turin, who was in charge of economic research at the Centro Einaudi for many years.

The Centro Einaudi is an independent non-profit institute based in Turin. Its mission is to conduct independent research, providing policy recommendations in the fields of political economy, welfare policies, government and market competition.

Since 1963, the Centro Einaudi has been a beacon of liberalism and one of the most influential Italian think-tanks. Many of its members hold prominent positions in academia, government, journalism and business.

**Fondazione CRT** originated in 1991 from Cassa di Risparmio di Torino, inheriting its name as well as its philanthropic mission. Its projects and resources target various sectors: from the preservation and promotion of the artistic heritage and cultural activities to scientific research; from education and training to health care and assistance for vulnerable social groups; from civil protection and environmental safeguards to innovation in local institutions and support of economic development.

Young researchers are invited to participate to the 7<sup>th</sup> GIORGIO ROTA Best Paper Award by submitting high-quality scientific papers (a maximum of two papers per candidate) presenting original research on the following subject:

#### **Rural economies, evolutionary dynamics and new paradigms**

The seventh edition of the prize in the memory of the illustrious economist Giorgio Rota aims at stimulating scientific reflection and debate on the rural economies from the perspective of economic and political trends. More specifically, this edition of the prize seeks for contributors investigating opportunities and threats of rural development, with a specific focus on the current dynamics of structural change documentable in rural areas. In these areas, in fact, the general processes of industrial, demographic, political, and climatic change are producing a relevant shift in the established patterns of economic development and organisational practices, which is at the interest of this year's edition of the award.

Topics of interest thus include, but are not limited to:

- the local and global restructuring of the rural economy
- the economy of the mountain areas
- rural capitalism and finance

- the mountain-rural-urban divide
- rural-urban relationships and flows
- strengths and weaknesses of the rural firm
- environmental policies and the payments for ecosystemic services
- self-help and self-determination in the rural communities
- the political representation of the rural areas
- protection and development of rural villages

The authors of the three best papers will be awarded a prize of 1.500 Euros (gross) per paper and they will be invited to present their work at the **Giorgio Rota Conference** that will be organised in **May 2019** in **Turin**. The workshop date and programme will be published on the Centro Einaudi website ([www.centroeinaudi.it](http://www.centroeinaudi.it)).

Participation to the conference is mandatory in order to be awarded the prize. The Centro Einaudi will also refund up to a maximum of 1.000 Euros for travel/accomodation expenses to Turin, depending on the place of origin (one author for each paper).

Only high quality articles providing original insights with respect to the existing literature will be considered. An award committee will select the papers on the basis of the following evaluation criteria: 1) relevance to the topic; 2) literature review; 3) quality of the methods and the data; 4) originality of the data and the conclusions; 5) understandability. All decisions of the committee are final. Reviewed and formatted versions (rules for authors will be sent to the winners) of the award-winning papers will be then provided by the winners to be published in *Quaderni del Premio "Giorgio Rota"*, an ISBN working paper online series of the Centro Einaudi.
